

VERDANT

A SAMYANG COMPANY

Verdant Specialty Solutions

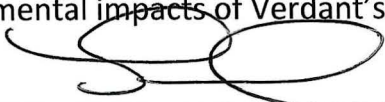

HEALTH, SAFETY, & ENVIRONMENT POLICY

GOAL:

Protecting Employees, Community & Environment

Verdant Specialty Solutions and Verdant Energy Solutions overarching goal is to protect its employees, contractors, visitors, members of the community and our environment from incidents through a prevention mindset. Our intent is to conduct activities with foresight and responsibility in matters of health, safety, security, and environmental protection while striving to improve performance. We are dedicated to managing risks and managing compliance to be a good community neighbor. This is accomplished by ascribing to Responsible Care Guiding Principles (ISO14000 in Europe) and committing to:

- **Positive HSE Culture** - Strive to develop and maintain a positive HSE work culture.
- **Regulatory Compliance** - Comply with all applicable environmental and safety laws and regulations that relate to environmental aspects and safety issues.
- **RCMS / ISO14001 Standard Adherence** - Commit to providing and maintaining RCMS (US Sites) and ISO-14001 (European sites) accreditation by managing to the requirements.
- **Manage Risks** - Systematically identify hazards and adequately assess and control risks thereby preventing significant health, injury, or environmental impacts.
- **Manage product life-cycle** - Manage our products in all stages of the life cycle including development, manufacturing, distribution, use and disposal.
- **Promote pollution prevention, waste minimization & resource conservation** - Promote pollution prevention, waste minimization & resource conservation.
- **HSE Policy Communication** - Communicate our HSE policy to all persons working for or on behalf of Verdant Specialty Solutions and make our policy available to the public.
- **Continual Improvement** - Strive for continual improvement with our HSSE and environmental management system (HSEMS) and safety processes guided by an improvement mindset with goal of no accidents, injuries, or environment impact.
- **Policy appropriate to Site impacts and activities** - Review our EMS goals, objectives, and targets while ensuring our policy remains appropriate to the nature, scale and environmental impacts of Verdant's activities, products, and services.
